I am discontinuing many varieties. In case you wish any not on this list, please advise and I will quote on them, if possible.

I ship plants successfully to the Pacific Coast and guarantee arrival in good condition. All plants are guaranteed true to name, as shown in my garden, and to be in good condition when shipped. I will cheerfully replace any proving otherwise on prompt return of goods, or return money if out of stock. Please advise as soon as possible if goods appear faulty in any respect.

In ordering please send a deposit of 25% to guarantee good faith, and if, for any reason, I have a shortage in any variety, I will return money for same.

Descriptions as to type and color to the best of my ability, as different soils and weather conditions often cause variations.

In bad weather, or when short of plants, I often send tubers, no extra charge. If you object to them, as some customers have, please mention when ordering. I reserve the right to return money if, for any reason beyond my control, I am unable to deliver goods, and in no case will be responsible for more than purchase price.
